ASTROLOGY READING TESTIMONIALS:

“he helped with what TO DO, not necessarily what will happen (though he went there also). Interesting man.” ~ Travis C

“He is on point did a awesome reading” ~ Gail L

“Wonderful reading.....very accurate and great energy. Will be back again to speak to him. Happy that I found him on this site, answers all your questions and gives you lots of information” ~ Arlin M

“(Andrew Aloha) was fantastic. He set the stage for the conversation right off. He asked me about me then ask me what I thought about what he was telling me. Very awesome reading. I would call him again for life help” ~ Jennifer V

“Andrew’s reading helped me get back on track with meditation. This is very important in dealing with stress and relationships. My vibration has been low because of grief and much healing is being done with meditation and prayer. Thank you Andrew for your help” ~ Andrea

THE 90 DAY ASCENSION JOURNEY – BOOK TESTIMONIAL:

“Wow I have read the first 13 chapters of your book and just as you are in person and on the air your very personal and inviting so yes the reader feels your heart felt interaction and sharing. Although chapter 10 brings things into manifestation I felt strongly that 13 brought more pure thought and heart felt intention and attention to mind which is what will work the best for me at this point and time since my immediate surroundings are not mine. You shared so much information about yourself which is teaching by example through self ownership of experience which works very well indeed.

I had not known until reading this that you had traveled so much and had become involved with Sai Baba who I agree was an incarnation of the Christ Ray of Enlightenment. I agree with all the principles you are presenting and it is my sincere wish and desire the book sells millions of copies so that you become financially independent.” ~ Richard

THE 90 DAY ASCENSION JOURNEY – MENTORING TESTIMONIALS:

Upon asking Lesly about the journey and its results, she said, “I feel more positive and good; and more control over my life. When something is getting bad I can change it right away”. She said, “I can manifest whatever I want” and that “I can organize better my thoughts”.....she said “I feel more grounded” and feels she has tools she can use for the rest of her life. She also said, “I am connecting more easily with source than before”. ~ Lesly

“You can start the next chapter of your life when someone takes the time to help you grow. Not only the outside but the inside. Thank you for helping see myself thru my own eyes” ~ Tamara

“He (Andrew Aloha) showed me how to connect and love my self at a deep level.....The shift has been significant for me. I knew that I had many issues with my own sexuality without really knowing why. His insight was really helpful in finding the root of some mental and emotional trauma and to heal it. The whole experiance was very healing.

Mr. Aloha, also taught me some meditation techniques that helped me strengthen my relationship with my chakra system, the earth and the sky. The depth of connection I feel now when I meditate with the tools I was given has had a profound change in my dialog with the divine. He was very focused and very professional in the session.

Mr. Aloha's degree of skill and professionalism is very high. At first I was apprehensive about trying this with anyone. It took a lot for me to open up and trust him.....I am very glad that I took the risk.” ~ Jade

“I’m now a force of nature. Andrew drew out my true talents and what I desired most in life. Andrew helped me navigate my way through the complexity of starting my entrepreneurship.....The entrepreneur journey not only enlightens you but shows you.....long term financial freedom” ~ Jason
